

AN EASY WAY OF SMART HOME

sengled
wi-fi classic

EASILY CONNECTED SMART LED

- Connect to your home WiFi network without additional Hub/Gateway
- Control your lights direct with your smartphone from home or on the move
- Deter burglars by programming lights to turn on and off when you are away from home
- Works with Amazon Alexa / Google Assistant for hands-free voice control

Connect the bulb to your home WiFi network without additional Hub/Gateway. With the Sengled Home App you can manage your lights, including set brightness or schedules anytime, anywhere. You can also use voice control via Amazon Alexa or Google Home to set up the perfect atmosphere at home.

Technical Data

Lamp base:	E27/B22
Model number:	W11-U21 (E27) / W11-U31 (B22)
Energy supply:	220-240V, 50/60Hz
Energy consumption:	9W (Rated)
Operating temperature:	-20°C - +40°C
Air humidity:	0% - 95%
Luminous flux:	806 Lumen
Colour temperature:	2700 Kelvin (warm white)
Colour rendering index:	80
Beam angle:	240 Degrees
Dimmable:	Yes (via App or voice control)
Dimensions diameter:	115 mm x 60 mm
Weight:	75g
